Section A - Applicant Information

Enter the apportioned account number, the applicant name that appears on the apportioned account, business address and mailing address (if the mailing address is different than the business address). Post Office Box addresses may only be used in conjunction with a bona fide numbered street address. Post Office Box addresses alone are not permitted. The Pennsylvania Vehicle Code requires actual or bona fide addresses on applications for title and registration. Also fill in the telephone number, US DOT number, contact person, fax number, TIN/EIN number of the applicant, e-mail address, and registration year. Check the appropriate box that best describes the transaction you are requesting.

Section B - Weights

Enter the maximum weight of the vehicles you are adding in the boxes labeled for each jurisdiction.

Section C - Vehicle Additions

List the vehicle information where appropriate. Up to three vehicles may be listed in this section. If the vehicle is leased, the lessee USDOT and TIN/EIN numbers are required along with a copy of the lease. **NOTE:** If the vehicle has a current Pennsylvania registration, enter the registration plate number. The registration plate must be submitted with the application to receive credit for the apportioned plate.

NOTE: For body type use one of the following: tractor (TR), single truck (TK) or bus (BS). If a truck, list total number of axles on the truck including trailer axles if requesting combination weight. For tractor, list the number of axles on the tractor and the total number of axles for the tractor and trailer. Example: 3/5 means 3 axles for the tractor and 5 combined including the trailer. If the vehicle is a bus, list seating capacity. Do not leave any information blank.

Utah Truck Indicator (UT Spec Truck): If the truck type entering the state of Utah is a cement pump, well boring unit, or crane, the Utah Special Truck block should be checked as "Yes." If this does not apply, check "No."

Colorado Miles (CO Miles): If the vehicle fleet operates more than 10,000 miles nationally per year, the box must be checked "Yes."

NOTE: If the vehicle is leased to the applicant, you must identify the USDOT number and TIN/EIN of the motor carrier responsible for safety. Also, indicate if the motor carrier responsible for safety will change during the registration year.
